COMMENTS TO AUTHORS

Please cite: Balkan et al. Ann Hepatol 2014, on the effects of telaprevir treatment on blood count.
Please strong revise the language and the paper presentation, included the tables.

COMMENTS TO AUTHORS

To the authors, I have no concerns about your manuscript except for few grammar errors (anemia instead of anaemia; hematology instead of haematology etc throughout the text); please, make corrections. The core-tip is lacking. Please, write it. Please write the reference throughout the text according with instructions to the authors.
