COMMENTS TO AUTHORS

To the authors, Your manuscript is well-written, and I have no comments except you not followed the WJG instructions! However, corrections are easy to make. 1. Core-tip: please, write it. 2. Key words: please, write them. 3. Please, read carefully the Format for references and make corrections throughout the text. Take care at style for journal references (the first author should be typed in bold-faced letters, all authors should be included, PMID and DOI requirements, etc.)
