COMMENTS TO AUTHORS

I enjoyed reading this review that focuses on MAP, Crohn's disease, and potential mechanisms by which MAP causes disease. It is well written without any grammatical issues.

COMMENTS TO AUTHORS

Very interesting and well written manuscript. However some more Ref related to the topic should be added ie Mycobacterium avium subsp. paratuberculosis, genetic susceptibility to Crohn's disease, and Sardinians: the way ahead. Sechi LA, Gazouli M, Ikononopoulos J, Lukas JC, Scanu AM, Ahmed N, Fadda G, Zanetti S. J Clin Microbiol. 2005 Oct;43(10):5275-7
