### COMMENTS TO AUTHORS

Review for manuscript No. 23149 In this manuscript, the efficacy of chemotherapy on liver metastasis of gastrointestinal tract cancer can be predicted by ADCs of DWI was determined. Total 86 patients with liver metastasis of gastrointestinal tract cancer were included. Results are interesting, and well discussed. 1 The manuscript need to be edited. Some blank are missing, and the words are mixed up. Also, some minor lanugage polishing needed to be revised. 2 Pleae double check the data in the text and the tables.
