COMMENTS TO AUTHORS

To: Lian-Sheng Ma President and Company Editor-in-Chief World Journal of Gastroenterology
 Title: “A minireview on Hepatitis C virus-associated B-cell non-Hodgkin’s lymphomas”. Dear Editor, I have read through the manuscript and we think that something should be better outlined: - Please delete from the title the words: “a minireview on” as they seem redundant. - The authors should make the abstract more concise. - A representative figure should be included in order to improve the readability of the text. - Furthermore, please include a table gathering the main findings from literature.
