COMMENTS TO AUTHORS

Nice study, Requires some editorial and formatting changes (e.g. do not start a sentence with an abbreviation and do not center the contents in the table etc.). Please run the manuscript through a professional writer. Main concern: Please change the conclusions to match the results - they do not as they stand now.

COMMENTS TO AUTHORS

This is an interesting paper about the Mesenteric Panniculitis-Like Abnormalities on abdominal CT. I think this paper is acceptable for WJGE.
