## ESPS PEER-REVIEW REPORT

**Name of journal:** World Journal of Gastroenterology

**ESPS manuscript NO:** 18787

**Title:** Fibroblast growth factor receptor signaling as therapeutic targets in gastric cancer

**Reviewer's code:** 00070894

**Reviewer's country:** China

**Science editor:** Jing Yu

**Date sent for review:** 2015-05-01 16:53

**Date reviewed:** 2015-05-13 09:40

### COMMENTS TO AUTHORS

The authors provide an overview of FGFR signalling mechanisms and pathways on gastric cellular, and highlight the latest date on how FGFR signalling is being targeted therapeutically. This review is objectivity. The language is fluent. It is preferred that the issues could be clarified in a way of general comprehensive summary instead of lengthy explanation. And in my knowledge, there is FP-1039(gsk3052230) as FGF traps ongoing phase I clinical study in solid tumors. Is it appropriate to be included in this review?

### COMMENTS TO AUTHORS

This is a deep and up-to-date review about targeting fibroblast growth factor receptor in the treatment of gastric cancer. A very well prepared manuscript that deserves to be published as it is.
