<input type="checkbox"/> Grade D: Fair	<input type="checkbox"/> Grade D: Rejected	<input checked="" type="checkbox"/> No	<input checked="" type="checkbox"/> Minor revision
<input type="checkbox"/> Grade E: Poor		BPG Search:	<input type="checkbox"/> Major revision
		<input type="checkbox"/> The same title	
		<input type="checkbox"/> Duplicate publication	
		<input type="checkbox"/> Plagiarism	
		<input checked="" type="checkbox"/> No	

### COMMENTS TO AUTHORS

This is an article focusing on the therapeutic manipulation of endothelial cell autophagy during NMP-L. It is truly creative and novel. However, in this manuscript, only the part four focusing on the autophagy during NMP-L. And other three parts are focusing on the concept of autophagy and the endothelial cell autophagy. I thought the title or the structure of the manuscript need to be revised.
