**SPECIFIC COMMENTS TO AUTHORS**

As a gastroenterologist interested in the history of medicine I liked reading this paper. I have no observation. I wonder if a journal for history of medicine would not be more appropriated for submission.

**SPECIFIC COMMENTS TO AUTHORS**

This is a very well written historical review of the discovery and development of post-infectious irritable bowel syndrome. I did not find any key words associated with the manuscript. On the manuscript page 6, line 7, I believe there is a grammatical error
