SPECIFIC COMMENTS TO AUTHORS

The authors here submit a well-written letter to the editor in response to a recently published review in the journal. The manuscript is thoughtful and timely, and comments upon a useful aspect. However, it will benefit from the following changes.　1. Please subdivide your manuscript into subsections. Currently it all reads as one section, which is less reader friendly.　2. There are several minor errors throughout the manuscript. Please run Grammarly, a free online tool, to correct most of them.
