COMMENTS TO AUTHORS

type "1" or type "2" is missing in the column of Taiwan population in the Table 1. Use of ACEI or ARB is recommended in the text, but to use both of them does more harm than good according to a clinical trial (J Hypertens. 2013 Feb;31(2):414-21. doi: 10.1097/HJH.0b013e32835bf7b0.). This should be added in the text.
