SPECIFIC COMMENTS TO AUTHORS

The authors have presented significant insights and data that support the clinical outcomes of patients with two small hepatocellular carcinomas either two synchronous or sequential. Below are some comments that the authors are required to revise in order to improve the quality of the manuscript: 1. Introduction: line 28, please revise punctuation. 2. Methods: number of enrolled patients or patient under study should be written. 3. References: PMID and DOI data should be removed from all mentioned references.
