COMMENTS TO AUTHORS

I fully support the insight that highly selective cholangiocarcinoma should not be a contraindication for undergo liver transplantation. This information would be beneficial the Asian group liver transplantation programs. I think this manuscript should be accept for publication. Minor comment is many spelling error in the manuscript.

COMMENTS TO AUTHORS

Authors summarized the recent literature on intrahepatic and peripheral cholangiocarcinoma (CC). if they add their own experiences and/or opinion, the manuscript can point feature studies on CC.
