## COMMENTS TO AUTHORS

The article is limited to the approach of the diet cure for non-alcoholic fatty liver. I think that the contents are gathered up.

## COMMENTS TO AUTHORS

To authors This is a very elaborated review-I have not objection to its publication. The only objections are Simple esteatosis I suggest only steatosis because is up for debate whether it should be considered simple. And second Per se rather than per si

## COMMENTS TO AUTHORS

The review is focussed on NAFLD which is a highly relevant condition in todays society. It is mostly very well written. Please see the attached document with some tracked changes. In addition, please carefully check the remainder of the review for other grammatical and spelling errors.
