<input type="checkbox"/> Grade D (Fair)	<input type="checkbox"/> Grade D: rejected	<input type="checkbox"/> Existed	<input type="checkbox"/> Minor revision
<input type="checkbox"/> Grade E (Poor)		<input type="checkbox"/> No records	<input type="checkbox"/> Major revision

### COMMENTS TO AUTHORS

This is a very interesting and well written review on the renal side effects of colonoscopy preparation. I would only suggest to rephrase the conclusions - it's not really the colonoscopy that possesses excess risk for kidney impairment, but the colonoscopy preparation.
