COMMENTS TO AUTHORS

This is a well written succinct review of the future of cardiac CT. Revision of this paper may be necessary with more description on image quality improvement, analytic software developments, detector technology, and roles of cardiac CT as game-keeper in ischemic heart disease diagnosis, prognostication etc.

COMMENTS TO AUTHORS

Dear Author(s), I have wrote your manuscript entitled "The Future of Cardiac CT " submitted recently for publication. Thank you for your desicion making about the use of cardiac CT applications and important points for future cardiac applications and suitable explonations using a scientific language. This paper can be published in the journal without any revision.
