COMMENTS TO AUTHORS

Specific comments: This is very comprehensive review dealing with direct and indirect cardiac iron assessment using non-invasive or invasive techniques; (2) The review paper is well organized and properly build-up; and (3) Presentation and readability of the manuscript are excellent. Page 2: line 13: .. cardiac MRI: should be written full out for the first time in text...cardiac magnetic resonance imaging Page 4: line 7: The abbreviation (RE) Page 5: line 10: ECG: no need for abbreviation of electrocardiogram. You may use it as such: ECG Page 5: line 12: ... heart rate variability has already been abbreviated on page 2. Page 7: line 5: abbreviation of ECG has previously been cited on page 5. No need for abbreviation of electrocardiogram. You may use it as such: ECG. Page 11: Line 18 and 19: ... heart rate variability has already been abbreviated on page 2. You don't have to abbreviate twice.
