COMMENTS TO AUTHORS

Congratulations to you for your review. A few observations: - pag 5: change for FFA in "was reported in FPP patients"; the same in pag.6. - pag10: write (Figure E) in the end of this sentence " there may be diffuse thinning or total loss of eyebrows" - pag 10 : typo: Although. - References: you can include in page 19 after "There is also a description of the development of FFA following face-lift surgery " this ref: Br J Dermatol. 2012 Mar;166(3):666-370 Lichen planopilaris following hair transplantation and face-lift surgery. - In Diagnosis: there is no references in this part of the article... - Insert MBZ in the Abbreviations used and in the Pag 6 after "infundibular basement membrane zones" -Figure: write the letters B C D E F in the box.

COMMENTS TO AUTHORS

A thorough review on FFA. However, following issue should be addressed or added in the revision.

1. Triggering factors should be discussed, such as local or environmental factors like use of cosmetics
2. Hydrochloride in treatment
