		<input type="checkbox"/> The same title	
		<input type="checkbox"/> Duplicate publication	
		<input type="checkbox"/> Plagiarism	
		<input checked="" type="checkbox"/> No	

### COMMENTS TO AUTHORS

This is a very good paper about an important neonatal surgical condition. Paper is well written, methods are Ok, results are well described and conclusion is supported by the data. No important remarks, except the core tip that should depict important aspects and the goals from this investigation, not only presenting results.
