<input type="checkbox"/> Grade E (Poor)		<input type="checkbox"/> Existed	<input type="checkbox"/> Major revision
		<input type="checkbox"/> No records	

## COMMENTS TO AUTHORS

This manuscript reviews the relationships among kidney stone formation, chronic kidney disease (CKD), and plasma and urine acidosis (SCAD). The title is interesting and suitable for the Journal. It is a well-written manuscript; however, I have a few comments that hope will help the authors to improve the manuscript. Comments: 1. Page 4, line 5: "NH4 and H2PO4" should be "NH4+ and H2PO4-" 2. Typing errors should be carefully checked though out the text.
