#### COMMENTS TO AUTHORS

This is a good discussion of hepatitis C and its problems. The paper is important and should be published. There are some minor English problems that can be easily fixed.

### COMMENTS TO AUTHORS

After reading the review I would suggest some minor revisions. First of all some polishing (editing) of English will significantly improve the paper. Examples: page 4, line 10- remove word "nicely", page 5, line 8 - remove "druggable", page 5, line 15 - remove "nicely", page 8, line 2 - remove "living-related" Second- the authors should define all abbreviations when first appear in the text.
