SPECIFIC COMMENTS TO AUTHORS

Dear authors, I have a few comments on your manuscript: - You did not explain why you reviewed the articles from January 2010 and not from 2000, 1990 etc. Why did you choose the term 2010 - 2023? - In Introduction, you state some disadvantages of psychotherapy (e.g. requires a high level of professional qualification). You can also state that psychotherapy is time-consuming and expensive, as compared with pharmacotherapy. - In "The risks of psychological intervention", you write that "It is widely believed that... some patients' symptoms do not improve much after receiving psychological interventions and even tend to worsen". You should state which symptoms concretely. The reviewer
