

PEER-REVIEW REPORT

Name of journal: World Journal of Transplantation

Manuscript NO: 33503

Title: Graft loss among renal-transplant recipients with early reduction of immunosuppression for BK viremia

Reviewer's code: 00503322

Reviewer's country: United Kingdom

Science editor: Jin-Xin Kong

Date sent for review: 2017-02-15

Date reviewed: 2017-02-28

COMMENTS TO AUTHORS

The authors have presented their outcomes of reduction of immunosuppressive agents in renal transplant recipients with BK virus infection. Although this is a retrospective study, the data analysis is satisfactory and information provided is succinct. Discussion section does include comparison with previously published works. I believe the information provided by the authors adds to the existing knowledge on the subject and will prove useful to the transplant community.
