COMMENTS TO AUTHORS

This editorial is vwell-written and has comprehensive overview on functional coupling of V-ATPase and CLC-5. But, there is one error. Referene No.11: It has no journal title. Please add "Pflugers Archiv" there.

COMMENTS TO AUTHORS

In this Editorial, the authors reviewed the pathophysiological abnormalities of renal tubules in Dent's disease. In particular, they report the importance of functional coupling of V-ATPase and CLC-5 in renal tubules. This paper should be interesting for the readers of "World Journal of Nephrology" and I think that it is suitable for publication.
