SPECIFIC COMMENTS TO AUTHORS

This is an interesting case study and is well presented. However, the following comments should be addressed. Proper word spacing throughout the manuscript.

Page 3; write VHL in full at first use and abbreviate in a bracket and use abbreviation subsequently, but not the reverse as done in pages 3 and 5. Page 3, "A 70" should be

SPECIFIC COMMENTS TO AUTHORS

The case report is well presented and is of interest for the specialty. I have few comments for the authors: 1) Figure 2B. Please indicate with different type of arrows the papillary, cystic and tubular patterns. 2) is there any relationship between ccpRCC with previous or simultaneous tumors that may be present in the patient? 3) Please, discuss or mention

SPECIFIC COMMENTS TO AUTHORS

It is a well-presented and interesting case report. Please address this minor concern in the discussion section before publication. 1) What's the relationship between the ccpRCC with previous tumor or previous treatments? Is there any relevant references/reports?
