Dear Editor,

Please find enclosed the edited manuscript in Word format (file name: 2130-reviewed.doc).

Title: Noncoronary Sinus of Valsalva Rupture into the Right Atrium with a Coexisting Perimembranous Ventricular Septal Defect

Author: Long Cao, David Hannon, Assad Movahed

Name of Journal: World Journal of Clinical Cases (Clinical Case Conference)

ESPS Manuscript: 2130

The manuscript has been improved according to the suggestions of the reviewer

1. Title revised to be more succinct.
 - a. From: Rupture of the Noncoronary Sinus of Valsalva into the Right Atrium in a Patient with a Perimembranous Ventricular Septal Defect
 - b. To: Noncoronary Sinus of Valsalva Rupture into the Right Atrium with a Coexisting Perimembranous Ventricular Septal Defect
2. Core tip added:
 - a. It is important to understand that aneurysms and or rupture of the coronary sinus of valsalva can occur from any sinus and into any chamber of the heart, which will in turn affect management and treatment.
3. Reference model changed to include “[1]” brackets.
4. Reference changed to include DOI and PMID
5. 5th reference changed to:
 - a. Dong C, Wu QY, Tang Y. Rupture Sinus of Valsalva Aneurysm: A Beijing Experience. The Annals of Thoracic Surgery. 2002; 74:1621-4.
 - b. Incorrect before as: Dong C, Wu QY, T Y. Rupture Sinus of Valsalva Aneurysm: A Beijing Experience. The Society of Thoracic Surgeons. 2002; 74:1621-4.

Thank you again for publishing our manuscript in the World Journal of Clinical Cases.

Sincerely yours,

Assad Movahed MD,
