

Re: Migration of a Hem-o-Lok Clip to the renal pelvis following laparoscopic partial nephrectomy: a case report and literature review

Dear Editor,

We wish to resubmit the manuscript titled “Migration of a Hem-o-Lok Clip to the renal pelvis following laparoscopic partial nephrectomy: a case report and literature review”. Please note that the title has changed to “Migration of a Hem-o-Lok Clip to the renal pelvis following laparoscopic partial nephrectomy: a case report”.

Thank you very much for the time and attention you have given to our manuscript.

We admire the efficiency of your journal. The valuable and specific comments from the two reviewers have helped us revise our manuscript in many ways. I look forward to working with you and the reviewers to move this manuscript closer to publication in *World Journal of Clinical Cases*.

The manuscript has been rechecked and the necessary changes have been made in accordance with the reviewers’ suggestions. The responses to all comments have been prepared and given below. Changes made to the original manuscript are highlighted by using the track changes mode in MS Word. And we have asked professional help for English editing before this submission. Here is the proof of English language editing.

Thank you for your consideration. I look forward to hearing from you.

Sincerely

Ji Sun

Reviewer Science editor:

5 Issues raised: (1) The title is too long, and it should be no more than 18 words; (2) The “Author Contributions” section is missing. Please provide the author contributions; (3) The authors did not provide original pictures. Please provide the original figure documents. Please prepare and arrange the figures using PowerPoint to ensure that all graphs or arrows or text portions can be reprocessed by the editor; (4) PMID and DOI numbers are missing in the reference list. Please provide the PubMed numbers and DOI citation numbers to the reference list and list all authors of the references. Please revise throughout; and (5) The “Case Presentation” section was not written according to the Guidelines for Manuscript Preparation. Please re-write the “Case Presentation” section, and add the “FINAL DIAGNOSIS”, “TREATMENT”, and “OUTCOME AND FOLLOW-UP” sections to the main text, according to the Guidelines and Requirements for Manuscript Revision. 6 Re-Review: Not required. 7 Recommendation: Conditional acceptance.

REPLY: Thanks for your suggestion. Your consideration is very comprehensive. Now, I will answer these questions point by point.

- (1) The title is too long, and it should be no more than 18 words;

REPLY: Thanks for your suggestion. We have revised them as you advised.

- (2) The “Author Contributions” section is missing. Please provide the author contributions;
- REPLY: Thanks for your suggestion. We have added a description of “Author contribution” section in the manuscript.

- (3) The authors did not provide original pictures. Please provide the original figure documents. Please prepare and arrange the figures using PowerPoint to ensure that all graphs or arrows or text portions can be reprocessed by the editor;
 - **REPLY: Thanks. Enclosed please find the original figure documents - Case Figures - that we provided in the uploaded file. If you are unsatisfied with any changes, I hope you will raise them again.**
 - (4) PMID and DOI numbers are missing in the reference list. Please provide the PubMed numbers and DOI citation numbers to the reference list and list all authors of the references. Please revise throughout;
 - **REPLY: Thank you very much for your professional advice. We have modified this type of issue in the full text.**
- (5) The “Case Presentation” section was not written according to the Guidelines for Manuscript Preparation. Please re-write the “Case Presentation” section, and add the “FINAL DIAGNOSIS”, “TREATMENT”, and “OUTCOME AND FOLLOW-UP” sections to the main text, according to the Guidelines and Requirements for Manuscript Revision.
- **REPLY: Thank you for your suggestion. We have modified the “Case Presentation” section according to the Guidelines and Requirements for Manuscript Revision.**

Reviewer Company editor-in-chief:

I have reviewed the Peer-Review Report, the full text of the manuscript, and the relevant ethics documents, all of which have met the basic publishing requirements of the World Journal of Clinical Cases, and the manuscript is conditionally accepted. I have sent the manuscript to the author(s) for its revision according to the Peer-Review Report, Editorial Office’s comments and the Criteria for Manuscript Revision by Authors. Before final acceptance, uniform presentation should be used for figures showing the same or similar contents; for example, “Figure 1 Pathological changes of atrophic gastritis after treatment. A: ...; B: ...; C: ...; D: ...; E: ...; F: ...; G: ...”. Please provide decomposable Figures (in which all components are movable and editable), organize them into a single

PowerPoint file. Please provide decomposable Figures (in which all components are movable and editable), organize them into a single PowerPoint file. Please authors are required to provide standard three-line tables, that is, only the top line, bottom line, and column line are displayed, while other table lines are hidden. The contents of each cell in the table should conform to the editing specifications, and the lines of each row or column of the table should be aligned. Do not use carriage returns or spaces to replace lines or vertical lines and do not segment cell content.

REPLY: Thanks. Enclosed please find the original figure documents - Case Figures - that we provided in the uploaded file. If there still are any errors, we hope to get your help.
