Re: Author contributions have been provided in the "DECLARATIONS" part.

Re: A single PowerPoint file with original figures has been uploaded with other files.

(3) PMID and DOI numbers are missing in the reference list. Please provide the PubMed numbers and DOI citation numbers to the reference list and list all authors of the references. Please revise throughout;

Re: The PubMed numbers and DOI citation numbers have been provided and all authors were listed as suggested.

(4) The "Case Presentation" section was not written according to the Guidelines for Manuscript Preparation. Please re-write the "Case Presentation" section, and add the "FINAL DIAGNOSIS", "TREATMENT", and "OUTCOME AND FOLLOW-UP" sections to the main text, according to the Guidelines and Requirements for Manuscript Revision.

Re: The "Case presentation" section has been re-written according to the Guidelines and the "FINAL DIAGNOSIS", "TREATMENT", and "OUTCOME AND FOLLOW-UP" sections has been added into the main text.

Company editor-in-chief:

(1) Before final acceptance, uniform presentation should be used for figures showing the same or similar contents; for example, "Figure 1 Pathological changes of atrophic gastritis after treatment. A: ...; B: ...; C: ...; D: ...; E: ...; F: ...; G: ...".

Re: The uniform presentation has been used for all figures showing the same or similar contents as suggested.

(2) Please provide decomposable Figures (in which all components are movable and editable), organize them into a single PowerPoint file.

Re: A single PowerPoint file with all original decomposable figures has been uploaded with other files.

(3) In order to respect and protect the author's intellectual property rights and prevent others

from misappropriating figures without the author's authorization or abusing figures without indicating the source, we will indicate the author's copyright for figures originally generated by the author, and if the author has used a figure published elsewhere or that is copyrighted, the author needs to be authorized by the previous publisher or the copyright holder and/or indicate the reference source and copyrights. Please check and confirm whether the figures are original (i.e. generated de novo by the author(s) for this paper). If the picture is 'original', the author needs to add the following copyright information to the bottom right-hand side of the picture in PowerPoint (PPT): Copyright ©The Author(s) 2022.

Re: All our figures are original and the copyright information has been added on the bottom right-hand side of the figures in PPT.
