

PEER-REVIEW REPORT

Name of journal: *World Journal of Clinical Cases*

Manuscript NO: 76429

Title: Use of network pharmacology and molecular docking technology to analyze the effective components and mechanism of zedoary turmeric-trisomes in the treatment of inflammatory bowel disease (IBD) with intestinal fibrosis

Provenance and peer review: Invited Manuscript; Externally peer reviewed

Peer-review model: Single blind

Reviewer's code: 05397813

Position: Editorial Board

Academic degree: PhD

Professional title: Professor

Reviewer's Country/Territory: India

Author's Country/Territory: China

Manuscript submission date: 2022-03-16

SPECIFIC COMMENTS TO AUTHORS

1. The English need improvement since there are some grammatical and syntax errors in the manuscript. For example, the words “an oral” maybe as “oral”; “the mol2” as “mol2”; “construction” as “the construction”; “is intestinal” as “in intestinal”; “regarding the” as “of the”. The grammar mistakes which are not mentioned here are also to be checked and corrected properly.

Reply: we have corrected in the text.

2. . There are some typing mistakes as well, and authors are advised to carefully proofread the text. For example, the words “multipathway” maybe as “multi pathway”; “withzedoary” as “with zedoary”; “Key words” as “Keywords”; “drug likeness” as “drug-likeness”; “P value” as “P-value”; “presynaptic membrane presynaptic membrane” as “presynaptic membrane”; “ligand receptor” as “ligand-receptor”. The typos not mentioned here are also to be checked and corrected properly.

Reply: we have corrected in the text.

3. Check the abbreviations throughout the manuscript and introduce the abbreviation when the full word appears the first time in the text and then use only the abbreviation (For example, IL-1 β , IL-6, MCP-1, etc.). And it should be in both abstract as well as in the remaining part of the manuscript. Make a word abbreviated in the article that is repeated at least three times in the text, not all words need to be abbreviated.

Reply: we have checked in the manuscript.

3. The plant name “*Rhizoma sanarum*”, genes name should be italic all over the

manuscript.

Reply: we have corrected that “*Rhizoma sanarum*”, genes name be italic all over the manuscript.t.

5. Scientific evidence should be supported with proper references, in particular, the introduction section. And also the remaining part of the manuscript. The reference number 1-7 is not cited in the introduction and its starts with 8 only. This should be properly checked and corrected.

REply:

we have supported with proper references in the manuscript.,thank you
