

Dear Editor,

Thank you for considering the manuscript " Post-bulbar duodenal ulcer with anterior perforation and posterior penetration forming kissing ulcer and duodenocaval fistula: case report and review of literature" for review. I am delighted to receive a highly favorable response from all the reviewers.

The revised manuscript is attached, which includes the minor editing suggestions made by reviewer 3. I hope you will find the revised manuscript suitable for publication.

Thank you for your consideration!

With regards
