*World Journal of Clinical Cases*

Dear Editor

We wish to re-submit the manuscript titled “*Cutaneous allergic reaction to subcutaneous vitamin K1: A case report and literature review*” for publication in *World Journal of Clinical Cases*.

First, we would like to thank the editor and the reviewers very much for your kind consideration of our work as well as your efforts in organizing the review process for our manuscript (ID: 77911).

The reviewers’ comments were all valuable and very helpful for revising and improving our paper, as well as the important guidance relative to the significance of our research. We have studied all the comments carefully and have revised the text accordingly. In addition, we have included a detailed response to the reviewers’ points.

We thank the reviewers for their thoughtful comments and suggestions and hope the revised manuscript is now acceptable for publication in *World Journal of Clinical Cases*.

Thank you for your consideration. I look forward to hearing from you.

Best wishes,

Xin Li

## **Responses to Associate Editor and Reviewers**

### **REVIEWER :**

*Q1: Abbreviations (ex. p5, line 84, "CARE"... ) should be with its full name when it firstly appears in the paper*

*Response: Thank you for your comment. We have modified the abbreviations accordingly.*

*Q2: Figures' (2 & 3) legends are incomplete*

*Response: Thank you for your comment. However, we do not understand the implications of this request.*

### **Editorial Office:**

*Q1: Please provide the Chinese version of the Signed Consent for Treatment Form(s) or Document(s).*

*Response: Thanks for the reminder. We have provided it accordingly.*

*Q2: Please provide the original figure documents.*

*Response: Thanks for the reminder. We have provided them accordingly.*

*Q3: Please prepare and arrange the figures using PowerPoint to ensure that all graphs or arrows or text portions can be reprocessed by the editor*

*Response: Thanks for the reminder. We have done so accordingly.*

*Q4: Please check and confirm whether the figures are original*

*Response: Thank you for your comment. Yes, our figures are original.*

*Q5: Please add the following copyright information to the bottom right-hand side of the picture in PowerPoint (PPT): Copyright ©The Author(s) 2022*

*Response: Thanks for the reminder. We have added this information accordingly.*
