

## Responses to Editor's comments

1. There are no citations to Reference 25-52; Even if you cite the missing references in the table, the text is not complete, so please cite all references in order.

**Response:** Thanks for the editor's comments. We have revised the references.

2. Please fill in the notes with the full names of all short names that appear in the figure, e.g. MB: Medulloblastoma.

**Response:** Yes, we have relabeled this.

3. CrossCheck report: Similar sentences with other articles (highlighted in the CrossCheck Report), please rephrase these sentences. Your manuscript has been checked by CrossCheck. Please read the attached CrossCheck report for details. Our editorial policy states the overall similarity should be less than 30%, the overlapped section should be less than 5% in single papers, including author's own work.

**Response:** Thanks to your reminder, we have rephrased these sentences.

4. Please complete all the revisions based on the version of "9191-82681-v1", so that I can check later, and upload above mentioned files in a ".zip" file.

**Response:** Yes, we have completed all the revisions based on the version of "9191-82681-v1", and upload above mentioned files in a ".zip" file.
