Reviewer #2:

Scientific Quality: Grade C (Good)

Language Quality: Grade B (Minor language polishing)

Conclusion: Minor revision

Specific Comments to Authors: The manuscript entitled “non-pulmonary involvement in COVID-19: a systemic disease rather than a pure respiratory infection” The review manuscript is a great compilation of the available data describing the different organs and systems affected in COVID-19 patients. The manuscript is well-written and organized, however there are some issues that need to be resolved.

1. It is not stated what was the objective of the present manuscript in the abstract.

Answer: Thanks a lot for your comment. We added it.

2. The manuscript lacks a conclusion section.

Answer: Thanks a lot for your comment. We added it.

3. There are several typos and minor English errors throughout the manuscript, please read it carefully and correct them.

Answer: Thanks a lot for your comment. We modified it.

1- Figures

We noted that your Figures can not be edited (All text can be edited)
Please provide the Figures cited in the original manuscript in the form of PPT. All text can be edited, including A,B, arrows, etc.

Answer: Thanks for your valuable comments. We modified it.

2-Copyright-License-Agreement

We need sign an online copyright agreement, not print version. We note that authors (Mohamed M. El Badry, Reem El Sheemy) still did not sign an online copyright agreement. We have again sent email to them. Please check and sign an online copyright agreement. If the author does not, we can help to sign, but must get the corresponding author's consent.

Answer: Thanks for your valuable comments. They signed it.

3-Provide new language certificate

After our verification, we found that the language editing company mentioned in your submitted language certificate only polished the initial manuscript. Following the many changes that were introduced into the content of your manuscript during the revision process, some language problems exist in the revised manuscript. Further language polishing is required to fix all grammatical, syntactical, formatting and other related errors, in order to meet the publication requirement (Grade A). Please modify on the basis of the attached manuscript. Now, you are requested to send the revised manuscript to a professional English language editing company or a native English-speaking expert to polish the language further. When you submit the subsequent polished manuscript to us, you must provide a new language certificate alongwith it. Once this step is completed, your manuscript will be quickly accepted and published online. Please visit the following website for the professional English language editing companies we recommend:

<https://www.wjgnet.com/bpg/gerinfo/240>

Answer: Thanks for your valuable comments. We added it.

4-References, We noticed that your Ref. is not formatted correctly. Please follow our annotations to make changes

Answer: Thanks for your valuable comments. We modified it.

5-Your Abstract is the same as the Core Tip, please revise Core Tip. Provide a new Audio core tip.

Answer: Thanks for your valuable comments. We modified it.

6-For your revised manuscript, we performed CrossCheck and found the the overall similarity was 33%. Our editorial policy states the overall similarity should be less than 30%, the overlapped section should be less than 5% in single papers, including author's own work. Please rephrase them where possible. We will provide the CrossCheck report. CrossCheck report: Similar sentences with other articles (highlighted in the CrossCheck Report), please rephrase these sentences. Your manuscript has been checked by CrossCheck. Please read the attached CrossCheck report for details.

Answer: Thanks for your valuable comments. We modified it.
