SPECIFIC COMMENTS TO AUTHORS

In this study, the authors investigated the therapeutic efficacy of lidocaine wet compress combined with red-light irradiation for chronic wounds. The study is well designed and the results are interesting. Minor comments: 1. The manuscript requires a minor language editing. 2. Please add a short background to the abstract. 3. The References should be edited and updated. 4. Table 4 can be deleted, and the data in it can be added to the main text.
