

February 13, 2014

Dear Editor,

Please find enclosed the revised version of our manuscript in Word format (file name: 8634-review.doc).

Title: Simultaneous bilateral robotic partial nephrectomy: case report and critical evaluation of the technique.

Author: Claudio Giberti, Fabrizio Gallo, Maurizio Schenone, Pierluigi Cortese

Name of Journal: *World Journal of Clinical Cases*

ESPS Manuscript NO: 8634

The manuscript has been revised:

- 1) Format has been updated. The language has been revised by an English native speaker and we believe it has reached the Grade A. The author contributions have been specified.
- 2) Revision has been made according to the suggestions of the reviewers and highlighted in bold font.

In particular:

- Reviewer # 01212783: the grammatical errors have been corrected according to your suggestions. The differential diagnosis was included in the body of the manuscript at the beginning of the case report.
 - Reviewer # 02446773: the present paper reported our first procedure and this aspect has been specified in the abstract and in the text.
- 3) References and typesetting have been corrected

Thank you again for publishing our manuscript in the *World Journal of Clinical Cases*.

Sincerely yours,

Fabrizio Gallo M.D.
