The manuscript has been improved according to the suggestions of reviewers:

- 1) The abstract has been changed and is now more informative
- 2) All abbreviations are now described
- 3) The introduction has been totally rewritten
- 4) We have omitted a lot of sentences that did not provide vital scientific information according to the suggestion of the reviewer
- 5) We have substantially shortened the pathologic description and the description of the electrophysiologic studies as requested
- 6) We have omitted the summary of the case in the discussion
- 7) We have added more references as requested
- 8) Grammatical errors are corrected
- 9) Hypothetical and subjective sentences were deleted

Thank you again for publishing our manuscript in the *World Journal of clinical Cases*.
