

December 16, 2014

Dear Editor,

Please find enclosed the edited manuscript in Word format (file name: 14917-edited.doc).

**Title:** The use of steroids for facial nerve paralysis after parotidectomy: A Systematic Review

**Author:** Kiran Varadharajan, Issa Beegun, Niall Daly

**Name of Journal:** *World Journal of Clinical Cases*

**ESPS Manuscript NO:** 14917

The manuscript has been improved according to the suggestions of reviewers:

- 1 Running title of 6 words added on title page
- 2 First names added for all authors on title page
- 3 Postcodes added for author institutions on title page
- 4 Fax number and contact number added on title page
- 5 Statement to state that all authors have no conflicts of interest to declare on title page
- 6 Data sharing statement provided on title page (this a systematic review with no formal statistical analysis, thus there is no formal data set to share).
- 7 Structured abstract (Aim, Methods, Results, Conclusion) within word limits
- 8 Core tip added
- 9 Square brackets added for all references
- 10 No statistics were performed, therefore a biomedical statistician's report is not provided.
- 11 Comments added at the end of the paper.
- 12 DOI and PMID added to references.

Thank you again for publishing our manuscript in the *World Journal of Clinical Cases*.

Sincerely yours,

A handwritten signature in dark ink, appearing to be 'Kiran', enclosed within a faint, light-colored oval border.
