

Dear Science Editor Wang,

Thank you very much for your attention and for the reviewer's comments concerning our manuscript entitled " Synchronous quadruple primary malignancies of the cervix, endometrium, ovary, and stomach in a single patient: a case report and literature review"(NO:49509). Those comments are all valuable and very helpful for revising and improving our paper. We have studied comments carefully and have made correction according to your kind advices and reviewer's detailed suggestions. All of the revisions that we have made to the revised manuscript can be found in enclosed content and also have been highlighted in the updated version of the manuscript. We sincerely hope this manuscript will be finally acceptable to be published on World Journal of Clinical Cases. Thank you very much for all your help and looking forward to hearing from you soon.

Best regards

Sincerely yours,

Dandan Wang

Please find the following Response to the comments of reviewer and editor:

Reviewer Info: Scientific Quality: Grade B (Very good); **Language Quality:** Grade B (Minor language polishing)

Response: Thanks for the reviewer's kind suggestion and initial recognition for our manuscript. We have had our paper professionally edited for English language in a specialized institution and provided a certificate of English editing.

Editor's Comments

Comment 1: Please provide and upload the approved grant application form(s)..

Response: Thanks for the editor's advice. We have uploaded the two approved grant application forms.

Comment 2: Please change the phone number to the author office's number.

Response: Thanks for the editor's advice. We have changed the phone number +86-18940252069 to the our office's number +86-024-23892617.

Comment 3: Please add PubMed citation numbers and DOI citation to the reference list and list all authors. Please revise throughout. The author should provide the first page of the paper without PMID and DOI.

Response: Thanks for the editor's advice. We have revised throughout and added PubMed citation numbers and DOI citation to the reference list and list all authors. However, some of the references only have PubMed ID, no DOI citation. And we can't retrieved the full text of the Reference 1 "Warren S, Gates O. Multiple primary malignant tumors: survey of the literature and a statistical study. Am J Cancer.1932;16:1358-1414." We have upload the first page of all the references except Reference 1, see **Supplementary File1**.

Comment 4: Please provide one total legend for each figure that contains all the pertinent information.

Response: Thanks for the editor's kind suggestion. The legend for Figure 1 is "Imaging findings of the patient" (Line 292). The legend for Figure 2 is "Histopathological and immunohistochemical staining findings" (Line 298).

Comment 5: We found that the content of the figures cannot be edited by our staff. Authors have to provide the figures as separate electronic files. Please upload the figures in the following vector or bitmap formats so that we will be able to edit them:

1) Vector art formats: bw, Illustrator, EPS, WMF, EMF, FreeHand, CorelDraw, Color Map File, PowerPoint, Excel, IFF, etc.

2) Bitmap formats: Photoshop, TIFF, GIF, JPEG, etc.

Response: Thanks for the editor's advice. We have revised all our figures' format into JPEG and upload the figures as separate electronic files.

Other changes:

1. The Reference 10 "Németh Z, Czigler J, Iván L, Ujjál M, Barabás J, Szabó G. Quadruple cancer, including triple cancers in the head and neck region. *Neoplasma*. 2002;49:412-414." has been deleted and replaced by "Dehghani M, Jangjoo S, Monabati A, Masoomi Bandari D, Namdari N. An Unusual Case Report: Occurrence of Renal Cell Carcinoma, Basal Cell Carcinoma and Chronic Lymphocytic Leukemia in a Case of Papillary Thyroid Carcinoma Treated with Radioactive Iodine. *Iran J Med Sci*. 2018;43(6):659-663".

2. We have made many grammatic and spelling revisions as well as some format modification which have been highlighted in the updated version of the manuscript.
