Dear Editor,

Please find enclosed the edited manuscript in Word format(file name:49335-Review.doc).

Title: Impress of intergenerational emotional support on the depression in non-cohabiting parents

Author: Yun-Hua Jia, Zhi-Hong Ye

Name of Journal: World Journal of Clinical Cases

Manuscript NO: 49335

The manuscript has been improved according to the suggestions of reviewers:

1 Format has been updated

2 Revision has been made according to the suggestions of the reviewer

The review's composition comment on the manuscript and my answer

(1) Some basic demographic data were not found for the Abstract. For example, the final number of participants and the study design.

Answer: Yes, I agree with your comment and make the corresponding modifications.

(2) What does "impress" mean in your Title?

Answer: Thanks for your comment. "Impress" in the title aims to emphasize the profound and lasting influence of intergenerational emotional support on depression in the elderly

(3) Tables should be formatted or collapse some variables. Otherwise, it is hard to inspect in its current stage.

Answer: Yes, I agree with your comment and make the corresponding modifications.

(4) Please add a legend for your x-axis in Figures. For example, what 1, 2, and

3 stands for the children's gender in Figure 2A?

Answer: Yes, I agree with your comment and make the corresponding modifications.

- (5) Please move the paragraph on limitation to the end of Discussion (page 14). Also, I would like to read more on the study's limitations.

Answer: Yes, I agree with your comment and make the corresponding modifications

- (6) I would like to read some implications of your study and how you can implement the results into a public health practice.

Answer: Thank you very much for your suggestion, I have made some corresponding modifications. And we will subsequently report in detail as well.

Thanks again for publishing our manuscript in the *World Journal of Clinical Cases*

Yours sincerely,

Yunhua Jia
