**Re: Revision of Manuscript ID 56432: Title: Management of pembrolizumab-induced steroid refractory mucositis with Infliximab – A Case Report**

**Dear Editors,**

Thank you very much for your time to review our manuscript and provide valuable recommendation for further revision.

We already made the following revision according to editors' recommendation:

**Dr. Ya-Juan Ma, Science Editor:** 5 Issues raised: (1) The authors did not provide original pictures. Please provide the original figure documents. Please prepare and arrange the figures using PowerPoint to ensure that all graphs or arrows or text portions can be reprocessed by the editor; (2) PMID and DOI numbers are missing in the reference list. Please provide the PubMed numbers and DOI citation numbers to the reference list and list all authors of the references. Please revise throughout; and (3) The format of manuscript should be the Word document.

Answer: 1. We already uploaded editable original pictures using a PowerPoint document to ensure that everything could be reprocessed. We also deleted these pictures in the manuscript; 2. PMID and DOI number are added to the reference list. All authors of the references have been added; 3. Format of the manuscript has been changed to Word document.

**Dr. Dong-Mei Wang, Assistant Editor:** The Signed Informed Consent Form(s) or Document(s) is not the one that patients signed for treatment. Attached please find a sample. There are no signatures of Lester Layfield and Jaffar Hilli in the Copyright License Agreement. I return this manuscript to authors.

Answer: As we mentioned in the initial screening process, we already updated the Copyright License Agreement. Two authors signed on a different consent form since they work in a different hospital. I merged 4 pages of signature together. Dr. Hilli and Dr. Lester already signed the consent on page 5 and 6. Also, I already uploaded the signed consent for treatment 1 month ago.

**Additionally, we also uploaded the audio core tip.**

If you have any questions, please don't hesitate to contact me.

Thank you very much for your time!

Best regards,
