

The authors report a case of tracheal pleomorphic adenoma. The case is of interest, the manuscript requires revision for publishing. Standard requirements should be fulfilled: page numbering (or continuous line numbering). Larger fonts used for the tables could facilitate the reading. Past tenses should be used for original case data (including for the Figure legends). Examples of "words/phrases to revise" "in the literature" medical literature "our study attempt to review" "It is composed" the tumor is composed "successfully resolved" treated? "due to dyspnea" for dyspnea "was negative for thyroid transcription factor-1" tumor cells did not express TTF1 "According to reference" according to // (names of the authors, team, similar) "sex predominance" gender "the patient in our study" this case? "10 years ago" 10 years previously "We plan to continue //" please note the follow-up guidelines suggested by the analysis/study of this case and by the review of the already published cases "English literature" English medical literature? "vasodilatory mass"

Dear Reviewers and Editor

RE: Manuscript NO : 56230

Title: Pleomorphic adenoma of the trachea: A case report and review of the literature

We would like to thank World Journal of Clinical Cases for giving us the opportunity to revise our manuscript. We thank the Reviewer and Editor for the time and effort spent in reviewing the previous version of the manuscript. We have taken their careful and thoughtful comments into consideration in revising our manuscript. Based on the instructions provided in your letter, we uploaded the file of the revised manuscript. Please find my revisions/corrections in the re-submitted files with all the changes highlighted by using the track changes mode in MS Word and feel free to

contact us for any issue.

Best wishes,

Hua-Peng Yu, MD, PhD, Professor,

Department of Pulmonary and Critical Care Medicine, Zhujiang Hospital,
Southern Medical University, No. 253 Industrial Avenue, Guangzhou 510280,
Guangdong Province, China.
