

Dear Editors,

On behalf of all the authors, I would like to thank you for your letter and for reviewer' comments concerning our manuscript entitled "Status epilepticus as an initial manifestation of hepatic encephalopathy: A case report and literature review" (Manuscript NO: 59460). Those comments are valuable and helpful for revising and improving our paper. We have carefully considered the reviewer' comments and insightful suggestions, responded to these comments and suggestions point-by-point, and revised the manuscript accordingly.

Title: Status epilepticus as an initial manifestation of hepatic encephalopathy: A case report and literature review

Authors List: Bin Cui, Lin Wei, Li-Ying Sun, Wei Qu, Zhi-Gui Zeng, Ying Liu, Zhi-Jun Zhu

Name of Journal: *World Journal of Clinical Cases*

Manuscript NO: 59460

The manuscript has been improved according to the suggestions of reviewers and Editorial Office.

Reviewer #1:

The author presented an interesting case report of a 59 years female who was presented by a status epilepticus as an initial manifestation of hepatic encephalopathy.

The case report is well written and well discussed.

Response: Thank you for your review and valuable comments. According to your suggestions, we have made language polishing in some sentences.

Science Editor:

1 Scientific quality: The manuscript describes a case report of the status epilepticus as an initial manifestation of hepatic encephalopathy. The topic is within the scope of the WJCC. Editorial office director:

I have checked the comments written by the science editor.

Response: Thank you for the consideration of this paper and for your comments.

Company editor-in-chief:

I have reviewed the Peer-Review Report, the full text of the manuscript, the relevant ethics documents, and the English Language Certificate, all of which have met the

basic publishing requirements of the World Journal of Clinical Cases, and the manuscript is conditionally accepted. I have sent the manuscript to the author(s) for its revision according to the Peer-Review Report, Editorial Office's comments and the Criteria for Manuscript Revision by Authors.

Response: Thank you for the consideration of this paper and for your comments.

We have made corresponding changes according to the comments.

Finally, we wish to thank the Editors and the Reviewers for their valuable comments and suggestions that helped us to increase the value of our paper. We do hope that the revised manuscript is now acceptable for publication in *World Journal of Clinical Cases*.

Yours sincerely,
