Reviewer A:

Comment 1: Add more on the basic of this disease in the introduction

Reply 1: Thanks for your comment and I have added some data and highlighted in the updated version of the manuscript

Comment 2: English language correction through the manuscript

Reply 2: Yes, thanks for your advice and changes were highlighted in the updated version of the manuscript

Comment 3: Cite more reference as provided

Reply 3: Thanks for your advice, I have cited two of the references you have commented, but I don't think all the references you provided were related to my study.
