

Answering reviewers

Reviewer 1:

Suggestions to make this manuscript best:

Minor English language editing

Answer: Thanks for the suggestion. We have uploaded this manuscript to a professional language polishing company for English language editing.

more detail case report

Answer: Thanks for the suggestion. We have added several videos of TEE and angiography of the patient during the surgery. We have also added more details about the case. The added contents are marked in red in the manuscript.

abbreviation of discussion

Answer: Thanks for the suggestion. We have abbreviated the discussion.

inclusion of TEE images corresponding to animated labels in figure-2

Answer: Thanks for the suggestion. We have uploaded several videos including the TEE images showing the original valve after balloon expansion and the angiographies in different phases of the surgery.

Reviewer 2:

Interesting and valuable research, case report

Answer: Thanks for the review.
