

Dear Editorial Board,

Thank you very much for considering our invited manuscript ID 52922 entitled “Allograft artery mycotic aneurysm after kidney transplantation: case report and literature review” for publication in World Journal of Clinical Cases after minor revision.

The paper has been checked and corrected according to your suggestions.

As requested, all changes have been highlighted (yellow marker) and explained using a comment box.

More in details:

Reviewer #1

Q1: Conclusion in the abstract: please indicate what disease in the selected patients. You have to indicate “in carefully selected patients with allograft artery mycotic aneurysm”.

A1: done.

Q2: Typo: in the “History of present illness”, “The patients” should be “The patient”.

A2: done.

Q3: Typo: In “Outcome and follow-up”, “A part from” should be “Apart from”.

A3: done.

Q4: Discussion: “Early diagnosis is key factor for” should be “Early diagnosis is a key factor for”.

A4: done.

Kindest regards,
