
Reviewer #1:

1. Manuscript is overall very well written, however, a minor editing is requires. Some minor language polishing should be revised.

Answer: The minor editing is down, language polishing also has been settled.

2. In the results section, the figures are not described in the main text. Please add a short paragraph to describe them.

Answer: I have described all the figures in the main text.

3. The discussion section should be divided to some paragraphs. And a conclusion should be made in the main text.

Answer: I have divided the discussion section into 4 paragraphs. A conclusion is also made in the end.

4. References have to be edited also.

Answer: I have edited the references according to the requirements and guidelines, and another new reference has been added.

Science editor:

(1) The "Author Contributions" section is missing. Please provide the author contributions;

Answer: The "Author Contributions" section has been added.

(2) The authors did not provide original pictures. Please provide the original figure documents. Please prepare and arrange the figures using PowerPoint to ensure that all graphs or arrows or text portions can be reprocessed by the editor;

Answer: The original figure documents has been provided, please regarded to the file "63939-Images File". The figure in manuscripts has been prepared by using PowerPoint, please regarded to the file "63939-Figures.ppt"

(3) PMID and DOI numbers are missing in the reference list. Please provide the PubMed numbers and DOI citation numbers to the reference list and list all authors of the references. Please revise throughout;

Answer: The PMID and DOI numbers of the references have been added, all the authors of the references have been listed.

(4) The “Article Highlights” section is missing. Please add the “Article Highlights” section at the end of the main text.

Answer: "Article Highlights" section has been added at the end of the main text.
