

**Dear Editors and Reviewers:**

We appreciate the acceptance of our work and have addressed all additional comments that we have received on our manuscript titled **“Epstein-Barr Virus-Associated Monomorphic Post-transplant Lymphoproliferative Disorder After Pediatric Kidney Transplantation: A case report ”**.

*(1) I found no “Author contribution” section. Please provide the author contributions;*

**Response:**

We appreciate this comment and have now added the Author contribution.

*(2) I found the authors did not provide the original figures. Please provide the original figure documents. Please prepare and arrange the figures using PowerPoint to ensure that all graphs or arrows or text portions can be reprocessed by the editor;*

**Response:**

Thanks! We have provide the original figures and arrange the figures using Powerpoint.

*(3) I found the authors did not add the PMID and DOI in the reference list. Please provide the PubMed numbers and DOI citation numbers to the reference list and list all authors of the references. Please revise throughout;*

**Response:**

Thanks! We have revised all the references and provide PMID, DOI and full author list.

*(4) I found the “Case Presentation” did not meet our requirements. Please re-write the “Case Presentation” section, and add “FINAL DIAGNOSIS”, “TREATMENT”, and “OUTCOME AND FOLLOW-UP” section to the main text, according to the Guidelines and Requirements for Manuscript Revision;*

**Response:**

Thanks! We have revised the manuscript according to the requirements.

*(5) the author should number the references in Arabic numerals according to the citation order in the text. The reference numbers will be superscripted in square brackets at the end of the sentence with the citation content or after the cited author's name, with no spaces.*

**Response:**

Appreciated! We have revised all the references.
