

## ANSWERING REVIEWERS

Feb 13, 2014

Dear Editor,

Please find enclosed the edited manuscript in Word format (file name: 2014-2-13 8700-review Transmesosigmoid hernia.doc).

**Title:** Transmesosigmoid hernia: a case report and review of the literature

**Author:** Bin Li, Akram Assaf, Yun-guo Gong, Lian-zhong Feng, Xue-yong Zheng, Chao-neng Wu

**Name of Journal:** *World Journal of Gastroenterology*

**ESPS Manuscript NO:** 8700

The manuscript has been improved according to the suggestions of reviewers:

1 Format has been updated

2 Revision has been made according to the suggestions of the reviewer

(1) Abstract and Core tip have been reorganized.

(2) At the bottom of Page 4, the case report has been completed by adding some information listed by the reviewer, such as the time of surgery, the patient's recovery condition after surgery, and the complications upon follow-up after being discharged from hospital, etc.

(3) The discussion part, Page 7, for CT significance in SOB based on transmesosigmoid hernia has been reorganized.

(4) At the middle of Page 8, to make it clearer, the discussion for the orifice diameter with strangulation has been reorganized.

(5) At Page 9, the summary paragraph for discussion has also been reorganized.

3 References and typesetting were corrected

Yes, we have corrected the format for references and typesetting.

Thank you again for publishing our manuscript in the *World Journal of Gastroenterology*.

Sincerely yours,

Bin Li
