

Dear Prof Chef Editor

All the demanded changes via previously emailed message were performed as possible as we can.

We add another author who was forgotten by mistake "Mona Nabih, Internal Medicine Department, faculty of Medicine, Cairo University, Cairo, Egypt".

All changes were performed and highlighted with yellow colour in the revised attached manuscript file.

Dr Mohamed Al Ghussein

Peer review report:

Considering the urgency, high scientific and methodological level, I recommend this article to be published.
