ESPS Manuscript NO: 10500 **EUS-guided endoscopic treatment of pancreatic pseudocysts and walled-off necrosis: New technical developments**

Our manuscript has been improved according to the suggestions of reviewers:

1 Format has been updated

2 Revision has been made according to the suggestions of the reviewer

Reviewer 1:

The present review gives a detailed and up-to-date overview of therapeutic techniques that are available for treatment of pancreatic pseudocysts. The paper reads well and may be very useful for medical doctors working in the field.

Thank you for your comment.

Reviewer 2:

The authors of this manuscript try to review EUS-guided endoscopic treatment of pancreatic pseudocysts and walled-off necrosis in terms of newly developed techniques and devices. English-writing is excellent and this manuscript is worth enough for possible publication in WJG. Minor comments:

Thank you for your comment.

1. Page 5, line 19,
"for" should be
omitted.

Done.

2. Provide PMID in every reference as Instructions to Authors of WJG indicated.

Done.

Reviewer 3:

Gives different aspect to pancreatic pseudocysts to the readers. If the authors put more figure about procedure will be more valuable.

Thank you for your comment. We have added two more images.

3 References and typesetting were corrected according to the style of WJG.

Thank you again for considering our manuscript for publication in the *World Journal of Gastroenterology*. We understand that there are no publication fees for members of the Editorial Board with a substantial review record.
